

Step into a world of paw-sibilities

# VETERINARY TECHNICAL ASSISTANT CERTIFICATE (VTA)

This **TUITION FREE\*\***, dual-credit program, delivered over a full year on the Fusion Campus in our new Olds College Vet Tech Animal Health Lab, offered in partnership with Olds College. You will be ready for the veterinary industry and essential animal care practices for entry-level positions in the field.

## Industry Alignment

Learn from Registered Veterinary Technologists and industry professionals in a real-world animal health setting. Gain hands-on experience with small animals and prepare a career in the animal health industry.

- Hands-on learning in a state-of-the-art animal health lab
- Build a strong foundation for further studies in veterinary technology
- Earn post-secondary credits

## Certifications

- Veterinary Technical Assistant Certificate and 25 high school credits
- Industry-recognized training for entry-level roles

\*\*while there are no tuition fees, there will be fees for course materials and personal protective equipment

In Partnership with:

**OLDS COLLEGE**  
OF AGRICULTURE & TECHNOLOGY

## UNLOCK YOUR FUTURE

Are you ready to **UNLEASH** your passion for animal care? Our program equips you with the skills, knowledge, and confidence to excel in the veterinary field. Graduates will be ready to provide compassionate care and support in animal health settings including veterinary medicine, veterinary technician, shelters, wildlife rehab, animal care and grooming facilities.

## KEY LEARNING

### Patient Preparation

- Learn essential skills for preparing animals for procedures.

### Animal Handling

- Safe and effective techniques for working with small animals.

### Veterinary Equipment

- Hands-on experience with industry-standard tools and instruments.

## Is this right for me?

- Do you have a passion for animals and their well-being?
- Are you interested in hands-on learning and working in a fast-paced environment?
- Do you want to build a career in animal health or vet tech?
